

Dear Carnival Guests,

Welcome aboard! While you get settled, please take a moment to review some of our "Have Fun. Be Safe" guidelines.

The ship is a shared space. In keeping with our Carnival Values, we urge you to show care and respect for others, including our team members. Our experience has taught us that everyone has a better time when a spirit of community and neighborliness is shown by all.

CURFEW

Children must always be supervised. Guests 17 and under must be out of public areas by 1:00 a.m. unless accompanied by an adult (21 years of age or older) from their traveling party. This is strictly enforced.

GUEST CORRIDORS

Please refrain from running and making noise (including shouting/screaming) in hallways, since doing so disrupts other guests who may be resting/sleeping in their staterooms.

PERSONAL DEVICES

For safety reasons, public announcements must be heard by all guests and crew. Consequently, guests must use earphones when listening to music or watching shows/movies on personal devices (such as mobile phones, tablets, and laptops) in public spaces. All speakers and radios are prohibited and will be confiscated.

BEVERAGE CONSUMPTION & CLACK (OR CLAP) FANS

Guests must be at least 21 to be served alcoholic beverages on board and at our exclusive destinations – Celebration Key, Half Moon Cay, Princess Cays. Minimum age requirements may vary at some of the other destination we visit. For the safety of others around, beverages are not allowed on any dance floor, and our standing policy is that handheld clack (or clap) fans are not permitted in the nightclub or on any indoor dance floor.

ILLEGAL NARCOTICS

Marijuana, including cannabis and its derivatives, and other illegal substances, are unlawful and is strictly prohibited on board. Do not attempt to purchase or use any illegal substances ashore, as you may be arrested and not allowed back on board.

SMOKING

Smoking of any kind in undesignated areas, such as staterooms and balconies is strictly prohibited. Smoking violations and any willful or negligent act of discharging or releasing any unauthorized items overboard will result in a \$500 charge, per violation. Additionally, reimbursement cost for damaged or destroyed Carnival property will be posted on the guest's Sail & Sign® account.

Any guest who violates these policies or whose conduct affects the comfort, enjoyment, safety or well-being of other guests or crew will be fined, disembarked at their own expense, and banned from sailing on Carnival in the future.

The ship's leaders and I are dedicated to your safety and making sure everyone on board feels welcome under our "Have Fun. Be Safe" motto. Please direct any concerns to our guest services or security team so that matters can be addressed promptly.

Have Fun. Be Safe.

Sincerely,

Captain Antonio Gargiulo
Carnival Sunshine
