All children from the age of 1 to 11 receive a security wristband at embarkation. Each wristband is personal, uniquely associated with the child for the duration of the cruise and must be worn both on board and ashore. Parents and legal guardians remain responsible for safety and wellbeing of their children. Wristbands do not absolve parents and legal guardians of their parental responsibilities. For safety of our young guests, please note that minors may only go ashore if accompanied by an adult. Please remember this when booking your excursions. If you haven't done so, contact Guest Service and request to set up a spending limit on your child's account. If you choose not to set a spending limit you authorize all purchases made by your child onboard.
