MSC Seaside will arrive in Ocean Cay at 7:00am and our crew along with The Ocean Cay Team will finalize the details for your day. Announcements will be made letting you know when it is time to go ashore which will be at approximately 7:30am.

NAUTICAL INFORMATION

At 6:30am MSC Seaside will start the approach to MSC Ocean Cay Marine Reserve, an island in the Bahamas located in the district of Bimini. It is located 20 miles South of Bimini proper. Ocean Cay is an artificial island which was built by dredging in the late 1960s and was used to mine Aragonite sand for diverse industrial purposes. As Ocean Cay was being developed, 7,500 tons of scrap metal and debris were removed from the island and transported to a licensed waste contractor in the US. In its place, 75,000 trees, shrubs and plants were brought in that are native to the region to restore the island's original beauty. More than 400 coral reefs were relocated and the waters surrounding the island are now a protected coral nursery spanning 64 square miles.

Distance between Ocean Cay and Costa Maya: 635 nautical mile.
