

# DEBARKATION INFORMATION

## SETTLING YOUR ACCOUNT

ENG

To provide you a smooth debarkation process **it's important to review your account before leave.**

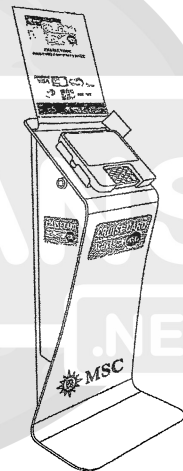

Please follow one of the below payment methods to ensure your account is settled:

### **Paying by Credit card:**

- All expenses onboard will be charged directly to your card.

### **Paying by Cash or Debit Card:**

- Please proceed to the Cash machines and Cruise Card Activation points located on Deck 6 (Mid) in the Atrium area, oneday prior to your disembarkation.

If you have chosen debit card or cash, you might be required to collect cash before leaving. We recommend to do this the night before your debarkation. This will ensure you do not encounter any issues as you leave the ship.

We appreciate you choosing MSC Seaside for your vacation choice. We look forward into welcoming you back again in the near future.
