

CAMP Discovery™

for ages 3 - 11

Welcome to Camp Discovery! We invite our junior cruisers to come explore a whimsical forest of captivating creatures and engage in unique experiences designed just for them through our partnership with Discovery Communications.

At Camp Discovery, they'll try hands-on challenges with *MythBusters* Science Activities and create their own model solar system with California science projects. They'll compete in junior tournaments and solve puzzles on Challenge Night.

Let's see what we can discover together!
